SIR

I have the honour to inform you that there is great need for establishing a practising school in connection with the Mysore Normal School for imparting practical training to the students in the Hindustani Section of the school. For want of practical teaching the training hitherto given to the Mahomedan teachers has not been quite efficient. With a view to improve the nature of the work done in the Hindustani Training classes, Mahomed Dastagir an Assistant Master of the School has been deputed for training to the Teacher College at Saidapet, and he will complete his training and return to his work in the Normal

2

School in January next. If in the meanwhile arrangements are made for starting a Hindustani Practising School in connection with the Normal School, the training of Mahomedan teachers will be placed on a satisfactory basis.

2. There are now two training classes for Mahomedan teachers and are managed by only one teacher, Abdul Gaffur, as only theoretical work is being done in both the classes. But when a practising School is started, the supervision of practical work done by the students under training will have to be attended to by another teacher. Thus it will be seen that the services of both Abdul Gaffur and Mahomed Dastagir above referred to will be fully required to train the teachers from January next.

3. With the object of providing practising classes for Mahomedan Normal students it is intended to remove one of the Hindustani Schools in the Mysore City to a private building immediately to the north of the Normal School.

The rent of this building is fixed at Rs 30/- a month. This building is situated in a healthy locality and serves all the purposes of a practising School. Under these circumstances I request that Government may be pleased to sanction Rs 30 for house-rent from January 1910

for starting a Hindustani Practising School in connection with the Mysore Normal School. The extra amount required may be met from the monthly grant of Rs 30 paid to the aided English School at White Field in the Hoskote Taluk which has ceased to exist for want of funds with effect from 1st June 1907. This school is not likely to be reopened. The necessary provision exists in the budget under the head (9) Grants-in-aid

SIR

With reference to your letter No. 3954
Enu 116-09-2 dated

the 6th instant regarding the question of engaging
a rented building for the accommodation of a
practising school for Mahomedan teachers which
is intended to be started in Mysore in connection
with the Normal School, I have the honour to in-
form you that there are three Government Hindu-
stani Boys' Schools in the Mysore City - (1) the
Anglo-Hindustani School (2) the Hazarbad
Hindustani Boys' School and (3) the Saver Lines
Hindustani Boys' School. ^{All the three being new buildings} The Hazarbad School

can not serve the purpose of a practising school as it is very poorly attended. It is moreover held in a rented building attached to the Mosque at Nazarbad and the Mahomedan residents of the Mohalla are not in favour of the transfer of the School to the rented building near the Normal School. The Savar dines School is far away from the proposed rented building and will not suit the convenience of the children of the Savars for whom it is specially intended. The only remaining School that can be transferred is the Anglo-Hindustani School for which a rent of Rs 19-8-0 a month is now being paid. But the accommodation in the building proposed to be rented for the practising School is not sufficient for all the classes of the Anglo-Hindustani School. For these reasons it is proposed to remove all the lower classes of the Anglo-Hindustani School which form the practising School to a rented building adjacent to that for which a rent of Rs 30 is now fixed. The rent of this second building is Rs 19-8-0 a month and will be met from the rent now paid for the buildings of the Anglo-Hindustani School. The higher classes of the Anglo-Hindustani School which teach English will be held in the building
immediately

immediately to the North of the Normal School, for
which rent of Rs 30 has been fixed. This
arrangement not only suits the convenience
of the Normal School but is also advantageous
to the Anglo-Hindustani School which is now
situated in an unhealthy locality and which
has no latrine and no compound for it.

I have the honour to be,

Sir,

Your most obedient servant,

J. Wren
